ORDINANCE UNANIMOUSLY PASSED BY THE COUNCIL.

The Measure Contains Drastic Regulations Concerning the Sale of "Skim" Milk.

PESTHOUSE ORDINANCE

SENT BACK TO THE COUNCIL BY THE BOARD OF WORKS.

Moriarity, Minority Leader, Deeply Incensed-An Alarming Report -Municipal Affairs.

The ordinance prepared by the Board of Health to preserve the purity of milk that is sold in the city was unanimously passed by the City Council last night. The ordinance defines the word "milk" as meaning cow's milk containing not less than 3.6 per cent. butter fats and 8.4 per cent. solids not fats, but, although proportionate difference is recognized in the ordinance, no milk to be pure may have less than 12 per cent. of butter fats and other solids. The ordinance defines cream to be the rich portion of pure milk containing not less than 16 per cent. butter fat and not less than 6 per cent. other solids. "Skim" milk is defined as milk containing not more than 91 per cent. water, the remainder solids. As to the sale of "skim" milk the ordinance is drastic. Whoever sells it must keep in his place of business a sign so stating and in a conspicuous place, and the receptacle from which it is sold must also be labeled. In restaurants this is unnecessary where "skim" milk is sold as a beverage, but there must be a sign stating that such milk is served. The ordinance provides a fine of from \$10 to \$100 and im- ishment to two farmers of Newton counprisonment for not more than thirty days. | ty who were caught in the possession of The ordinance is intended to make the ef- plaster paris molds to make counterfeit

Councilman Sourbler introduced an or- rill, of Lake Village, received a sentence dinance requiring all who have wagon of nine months, and Oscar Sorrenson, of privileges in the city markets to detach the same place, ninety days, in the Marion their horses from the vehicles and take them from the market precincts, and also to detach their shafts so they will be no obstruction to the street. The need of this ordinance has been felt for a long time, as | ized the punishment. the demand for curb space is so great that the streets about the market are frequent-

Councilman Negley introduced his ordinance fixing a fine of \$10 for jumping on or off street cars. The ordinance is intended to prevent boys from jumping on street

PESTHOUSE ORDINANCE. The Board of Public Works returned to the Council "for its further consideration" the ordinance authorizing the purchase of a site for a pesthouse location threefourths of a mile from the city with an explanation that the board had found it impossible to comply with the ordinance. Every effort, the board reported, had been met with opposition and threats of injunction. The board also said the legality of the Council's action in fixing the location of the site complicated affairs. The board did not ask for the amendment of the ordinance nor for permission to locate the pesthouse inside the city limits, but it is understood an effort will be made at the next meeting to eliminate the phrase requiring the site to be outside the city limits. The board wants to place the institution on the old pesthouse site north of Fall creek Controller Breunig asked the appropriation of \$3,375 to pay the interest on the funded temporary loans amounting to \$190,-000, which were inherited by the administration from the Taggart regime. The

interest is due Jan. 1.
The Board of Public Works sent its contract with J. E. Christian permitting him to supply heat and light to persons in the district bounded by Pratt, Delaware, St. Clair and Alabama streets to the Council for approval. Christian owns a number of flats and his equipment for light and heat is capable of serving this district. The ordinances transferring \$500 to the Brightwood water works and \$1,500 to the bridge gang pay roll from other funds of the Board of Public Works were passed over united Democratic hostility. The ordinance transferring \$360 to the Health Board's salary account was also passed, Mr. Billingsley, Republican, voting against it and Mr. Shea, Democrat, to the intense and expressed disgust of Mr. Moriarity, Democratic leader, voting for it. Had Shea voted with the Democrats the ordinance would have failed for want of a ma-

The ordinance granting the Indianapolis Light and Power Company permission to lay a switch in Kentucky avenue was

LOOKING FOR GAS PIPE.

Board of Public Works.

An Alarming Report Reaches the

A wild-eyed man visited the office of the Board of Public Works yesterday and reported that the Indianapolis Gas Company was digging up its mains in South Missouri street. His statement communicated alarm, but the members of the board were not at hand to personally act on the re-Those who did take it up and investigate found that a small force of men employed by the Manufacturers' Gas Company was delving in the Missouri-street strata for the abandoned mains of that

H. McK. Landon, superintendent of the Manufacturers' company, says the company will take up all its mains in unimproved streets. Some of the piping will be used in the gas field owned by the company and the remainder sold to advantage. Mr. Landon says the city pipes are not so salable as those in the country districts, as the city pipes show the effects of electrolysis and other injurious effects. The Manufacturers' company, which never supplied domestic consumers, ceased bringing gas here Sept. 1 and its supply now goes to Elwood, Frankton and other places. Mr. Landon says there is a profitable market for old pipe.

Complaint of South Side People.

Much complaint of the street-car service on the South East street line is being made by South Side residents who use the line. The cars are said to be run infrequently and particularly at the busy hours of the day, morning and night, long waits are experienced before a car south-bound on this line passes Washington street. It is also said that the cars are the small ones known as the "bob-tail" variety, and poorly cleaned and ventilated. The trouble with the line is supposed to come from the single track on East street, from South to Morris, and at the double track at South street, when about seven minutes running

Schmidt Cited to Appear.

time is lost in waiting for a clear track.

Mayor Bookwalter has taken cognizance of the affray in Anton Schmidt's saloon at Shelby street and the Belt road, in which William McCarty was dangerously stabbed, and he has cited Schmidt to appear before Thursday at 2 o'clock to show cause why his license should not be revoked. The mayor has continued the hearing on the complaint against W. A. Stout, accused of Sunday law violations, until next Monday afternoon.

Special Council Meeting.

Mayor Bookwalter has called a special meeting of the Council for Dec. 11 to fill the vacancy in the membership of the Council caused by the resignation of Harry M. Haldeman. The mayor intended to have this meeting next Monday night, but a fail-

ure to send out notices caused the selec-tion of a later date.

BOARD OF WORKS ROUTINE.

FEELING AGAINST DUDLEY.

Robinson, Ill., Citizens Make New

Charges Against Deposed Sheriff. Feeling in Robinson, Ill., against John S. Dudley, who was sheriff of Sullivan county until the negro James Dillard was taken from him and lynched, is bitter, according to statements made by a newspaper of that place. Dudley is accused of practically kidnaping Dillard and of being drunk when he did it. It is asserted by citizens of Robinson that the deposed sheriff and members of his posse were under the influence of liquor when the negro was removed to Indiana The exact truth will probably be brought

out when Dudley has his hearing before Governor Durbin Dec. 10. Not only these charges, but statements made that Dudley realized the utter inability to protect the prisoner when he took him from Illinois, be sifted to the bottom. Over the long-distance telephone Dudley declared emphatically yesterday that the charges made by Robinson people are untrue.

TWO FARMERS GO TO JAIL

BAD MONEY AND MEANS OF MAKING IT IN THEIR POSSESSION.

Edward Johnson, an Aged Negro, Sentenced to Jail-Other Federal Court Cases.

forts of the Health Department in its pure dollars, quarters and nickels, and also some of the spurious money. Alvin Mercounty workhouse. The men said they had been induced to go into the business by a man named Nottingham, who escaped arrest. The court believed this and minim-

Edward Johnson, a negro seventy-four years old, who made an affidavit that he was never married to the wife from whom he is divorced to prevent her sharing his pension, was sentenced to ninety days in jail. Johnson was born a slave and is now living with his third wife. The bond of Albert Tucker, who lives

near Warsaw, for his appearance to answer a trivial charge of violating the war tax law, was reinstated. It was forfeited last week because Tucker did not respond to the summons of the court. It developed that the notice to Tucker was not received by him, as it had been The American Grain Purifier Company, of Pierre, S. D., has sued H. J. Caldwell and James Barr, of Earl Park, Benton county, for infringement of patent. An

injunction and accounting are asked for.

RAINY WEATHER AND PAUCITY OF DUCKS DISGUST THE PARTY.

A Telegram to Secretary Wilson Bore the Sad Intelligence-May Be Home This Week.

Governor Durbin may be expected home from his hunting trip down in Mexico within a very few days unless something happens to-day to bring a little more game within range of the gubernatorial shotgun and to make the weather a little more propitious. A telegram from the Governor, received by his secretary, Charles E. Wilson, yesterday, indicated that the whole party, which includes Attorney General Taylor, E. H. Tripp, Lieut. R. P. Van Camp, L. P. Newby, of Knightstown, and two or three Chicago men, in addition to Indiana's chief executive, was growing somewhat disgusted at the bad luck and worse weather that was pursuing them. The message stated that the Governor might start home to-day, and in that event he might be expected in Indianapolis by the last of the week. It was the original intention of the party to stay in Mexico

until next Saturday. "Nothing but rain," was the burden of the Governor's complaint. Rainy weather may be good weather for ducks, but it is exceedingly poor weather in which to hunt that bird, according to the Indiana sports-When the party left this city the members anticipated that they were going into a region where ducks were so plentiful that they would virtually commit sui-cide by flying into the very muzzle of a hunter's gun but 'twas ever the fondest delusions that were the first shattered. Mexican ducks are flying high and seldom, and the Indiana hunters are meeting with the proverbial fisherman's luck.

Now at Gum Hollow.

CORPUS CHRISTI, Tex., Dec. 1 .- Governor Durbin and party of Indiana officials arrived at Gum Hollow, a hunting resort near here, and established a camp. It has rained continually since their arrival and they have not yet been able to get at the

ducks and geese. MARVEL OF MEDICAL SCIENCE.

James Johnson, a Negro, Recovering from Terrible Injuries.

James Johnson, the negro assaulted by Thomas Murray, another negro, last Wednesday afternoon by striking him with a pick, is recovering from his terrible injuries. It is said by the City Hospital physicians that Johnson will likely recover, and if he does it is said he will be one of the marvels of medical science. The man when taken to the hospital was suffering from a complete fracture of the frontal bone which extended around to the base of the skull. In other cases where such injuries have occurred it is said that the patient has been known to live as long as eight hours, which was considered phenomenal. If Johnson does recover the police department has a warrant for his arrest on the charge of burglary.

Meeting of Bar Association.

At the annual meeting of the Indianapolis Bar Association yesterday the following officers were elected: Nathan Morris president, succeeding A. C. Ayres; C. S. Denny, first vice president, succeeding Nathan Morris; Vincent G. Clifford, second vice president; Ernest R. Keith, secretary, and Lafayette Perkins, treasurer. These latter three officers were re-elected. During the meeting the resignation of Chester Bradford was accepted and Hempstead C. Shaw and Bernard Korbly were admitted to membership.

DAYLIGHT THIEVES BUSY

NUMEROUS ROBBERIES REPORTED FROM ALL PARTS OF CITY.

Ernest Irmer Lost Collection of Valuable Coins-Michael Kline Held Up-Sneak Thieving.

Thieves were at work yesterday in the daylight. Ernest Irmer, living with his daughter, Mrs. Sadie Kloepper, at 611 East Michigan street, reported to the police that his home had been entered during the morning between 9:30 o'clock and 11:30 o'clock, and a number of valuable coins were taken. Mr. Irmer said that he had a large collection of gold and silver coins of foreign countries that he prized highly. Among those taken were sixteen very old nickels, several half dollars, a pocketbook containing several gold dollars, one American dollar, a 20-franc piece and an English pound. He said that the thieves overlooked a large collection of silver money that he kept in a drawer in the sideboard. He said he could not find how the thieves entered his house, as none of the windows was broken or the doors unlocked. He thinks they used their own keys.

Robert Gwin, of 1507 Ringgold street, said that his home had been entered during Sunday night and that the burglars had taken \$4.55.

Michael Kline, living at 1204 Spann avenue, said that he had been held up by two highwaymen early yesterday morning at the corner of English avenue and Olive street. He said the robber held a revolver in his face and searched his pockets, getting but 85 cents. He said that after the robber had taken the money the latter struck him a blow on the head which felled him. Kline walked to the City Dispensary, where his injury was dressed. A thief stole an overcoat from Washburn's poolroom in the Denison House Sunday night. At the same time a thief entered the home of John Ligg, at 328 East Washington street, where a pair of trousers

was taken. The home of R. R. Shiel, at 1021 North Meridian street, was entered by burglars Sunday morning, but nothing was taken. The burglar was seen by Mr. Shiel in his get out, and the robber walked quietly from the room and escaped through the ibrary window, where he entered.

TO GET HER PICTURE TAKEN.

Woman Boarder Borrowed Fine Clothes, but Did Not Return.

A well-dressed woman called at the home of Mrs. Bradley, 136 South Illinois street, a few days ago and asked to rent a room, saying that she had just come to the city to see a lawyer regarding an estate that had been left her. Mrs. Bradley rented the girl a room, allowing her the privilege of paying at the end of the week. The girl had been at the house but a few hours until she became exceedingly affable. This impressed Mrs. Bradley, and in a short time the two women were exchanging con-

Saturday night the girl went to Mrs. Bradley and asked her for a loan of \$14, as she was going to the Grand Hotel to consult her attorney. Mrs. Bradley gave the girl the money. The same night the woman called at the room of one of the other boarders and borrowed a \$25 cloak and a set of furs, saying that she wanted to get her picture taken Sunday morning and did possess clothes appropriate for the occasion. The girl wore the garments when she went out Saturday night and since then nothing has been heard from her. Mrs Bradley said she thinks the girl is a

FOR A LABOR TEMPLE.

Many Plans Proposed to Secure the Necessary Funds.

The canvassers for the fund with which it is proposed to erect the labor temple in Indianapolis are busy trying to raise money. Officers of the Central Labor Union committee, who have the affair in hand, John F. White, Edgar A. Perkins and Henry Freidman, are now at work circulating the tickets of chances on the Irvington house to be raffled off for the benefit of the temple fund. Tickets will be sent to each labor

There is now more than \$1,000 collected and more is expected within the next two weeks. After this it is proposed to secure from men who have already intimated their approval of the temple scheme. After this, entertainments and other schemes calculated to raise money will be provided and the committee is confident of success. The strike of the miners in the anthracite district has retarded the work, which has been taken up again now that assessments for the miners are no longer levied from the organizations of the city.

JOHN F. DAUGHERTY DEAD.

He Was One of the First Letter Car-

riers Employed in Indianapolis. John F. Daugherty, jr., fifty-two years old, died yesterday afternoon at the family residence, 133 West Nineteenth street. The cause of Mr. Daugherty's death was hemorrhage of the spinal cord. Mr. Daugherty suffered a stroke of paralysis about two years ago, and from this he never entirely recovered. He was born in Zionsville and came to

this city while a young man. He was one of the first letter carriers employed in this city after the establishment of free delivery. For the past twenty years he was a resident of Indian Territory and Utah. He never married. He leaves a father, J. Daugherty, sr., a brother, Captain Daugherty, and two sisters, Mrs. George O. Jobes and Miss Belle Daugherty. He was an uncle of Dr. Jobes, superintendent of the City Hospital.

BURRELL REMAINS.

Deputy Secretary of State Will Be Chief Clerk Under Storms.

Secretary of State-elect Daniel E. Storms of Lafayette, has announced three appointments to his working force. Richard T. Burrell, the present deputy under Union B. Hunt, remains in the office as chief clerk; Miss Margaret H. Wade, of Lafayette, now employed in the Lafayette office of Mortimer Levering, president of the Columbia National Bank, of this city, has been appointed a bookkeeper, and Miss Lauretta Lesley, stenographer in Mr. Storms's office in Lafayette, has been appointed stenographer.

GAMBLERS IN COURT.

Trials of William Kissell and Others Continued Until Friday.

The trial of William Kissell, James Ross and the twelve other men arrested Saturday night in Jack Zimmerman's roadhouse charged with operating and visiting a gambling house was continued yesterday morning in Police Court until next Friday morning. Every man arrested appeared in court yesterday morning. Henry Kugelman, who swore out the warrants against the men, said yesterday he would make every effort to have them prosecuted.

Mrs. Saunders Gets \$1,000.

Mrs. A. J. Saunders, of Lebanon, Ind. was run down by one of the Indianapolis Brewery Company's wagons on the streets of Indianapolis some time ago and suffered injuries from which she has not yet fully recovered. Word comes from Lebanon that the company yesterday paid Mrs. Saunders \$1,000 cash, thus staying off a possible damage suit.

NEGRO SOUGHT REVENGE

BOMB PLACED IN HELFER'S FAC-TORY BY DISCHARGED EMPLOYE.

Explosive, with Cap and Fuse Ready for Business, Loaded with Pound of Dynamite.

Workmen cleaning out the workshop in the rear of E. T. Helfer's carriage shop, 35 and 41 North Capitol avenue, were nearly frightened out of their wits yesterday afternoon, about 5 o'clock, when they discovered a dynamite bomb among a pile of waste paper in one corner of the room. The men had been sweeping up the refuse on the floor, but when they discovered the bomb they immediately quit and sent a call to the police station.

Bicycle Policemen Morgan and Simon found a crowd of frightened men standing around watching the bomb, which still lay in the pile of paper. Morgan and Simon did not hesitate, but picked up the bomb and handled it in such a manner that employes of the factory scampered from the room. Morgan, in his curiosity, began turning the bomb in several ways to closely examine it. It was found to contain about was placed in one end of a copper-lined tube, while from the other end protruded

Mr. Helfer was asked about the explosive, and said that naturaly he had no idea how it got into his workshop. It is presumed by him that a negro whom he discharged when the negro was discharged he declared to several other men in the building that he would "get even" if it took him all his life. Near where the bomb was found is a broken window. It is the supposition that the bomb was lowered through the opening to the floor, and the idea of the person putting it there was that a careless workman might throw down a tool and explode the bomb.

DEAD AT CITY HOSPITAL.

James L. Richards Found a Week Ago

at the Union Station. James L. Richards, who was found at the Union Station a week ago insane and in a miserable condition, died at the City Hospital yesterday afternoon. The exact cause of death will be determined by a postmortem in all probability.

After being found at the Union Station Richards was taken to jail, where he was dentified as a Martinsville man who had escaped the vigilance of relatives and who had wandered away. He leaves a wife in

Death of Alex. C. Jameson.

Alex. C. Jameson, son of the Rev. Love H. Jameson, died yesterday afternoon at 5 o'clock. For three months he had been ill at the home of his sister, Mrs. William Wallace, of 1609 Ashland avenue. Mr. Jameson was nearly sixty-three years of age. For several years he was cashier the old Bank of Commerce, in this city. In the civil war he served as a musician in the Eleventh Infantry. One child, Miss Mabel Jameson, of New York city, survives him. Until recently Mr. Jameson had been employed in the business of mak-
